

MEN'S \$12 SUITS

IT is no longer a hardship to have only \$12 to spare for a suit. Here are cloths full of snap and go; black and in rich Cheviot mixtures—and all Wool Worsted, full of dignity and endless variety.

And the tailoring—no hardship there either; \$12 will do what \$15 did a few years ago—and do it better.

WE CAN PLEASE YOU.

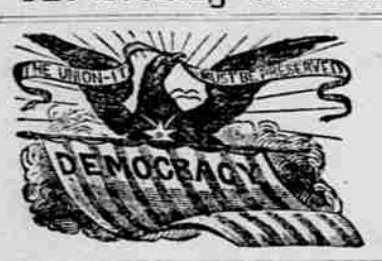

AND, if Twelve Dollars is the price you want to pay for your Winter Suit, you'll make one of the mistakes of your life if you fail to come here for it—or at least for a look.

We want you to see these Suits, even if you have a mind to buy elsewhere.

See that your neighbor votes.

On last Saturday evening, Hon. John J. Lentz made a speech in the Opera House in our city. The hall was crowded, hundreds not able to get admission. It was the largest indoor meeting ever held in our city.

OUR CANDIDATES.

John C. Pettit, our candidate for Representative, was not an aspirant for the place. He was nominated against his personal wishes and against his business interests. He accepted the nomination because friends insisted. Mr. Pettit is one of our most deserving young men. He was a farmer boy, a country school teacher, and is one of the ablest members of the Hocking county bar. He is a man of affairs, has encountered the world and its ways, and knows the wants of the people. He is a Democrat, honest and capable in any service, and a gentleman.

Uncle Billy Wallace has had his two terms of office. Hadn't he better take a rest, and give some "other man" a chance for Sunday dinner.

Work for the Democratic ticket.

The Republican State Committee provided a campaign fund of \$1500 for Hocking County. Col. Sands was in Columbus on Tuesday. How old is Alex?

The question of local option is a current issue. Is Fred Bright in favor of local option? The next legislature will have this question to dispose of. How does Fred Bright stand upon the local option issue? The people want to know. The SENTINEL, which every body reads, will give him hearing.

JOHN PETTIT has been from his birth, and is now a farmer. The farmers want to think of this when they go to the polls. A town boy, what the farm boy may need when legislation is up on an issue of the privilege of the lawyer and the farmer.

Is Fred Bright in favor of the single district representation? He bases his hope of election on the republic majority in Vinton. Is he in favor of the amendment giving Hocking separate representation? If he is he should accept the vote of Hocking as the determining vote. But he is not. Hocking will give Pettit from two to three hundred majority. Fred Bright expects to represent Hocking on an election from Vinton. Think of it voters.

LOCAL EVENTS.

The Entertainment at the Opera House on last Monday evening was well patronized and was appreciated. Shakespearean plays are more to the taste of the good people of our town than negro minstrels.

The Clear Fork Band will give a Benefit Ball in Red Men Hall on evening of Nov. 18th. This is our local band. It is at our service when called. It is in effect a Logan Band. Let's give the boys a benefit.

WANTED, young men who can invest a few dollars each month in New Interurbia Railway. Stockholders only employed, secure position when road is built. Address the T. C. & C. Ry., Co., L. 865, The Spitzer, Toledo, Ohio.

Commissioner Strenz started in on Sept. 1903 with a balance in the Treasury of \$374.38. At the close of the year, with the usual tax collections, the county has a balance of only \$483.24 an over expenditure of \$2891.07. What became of that balance? See Auditor's Report published elsewhere.

For the last thirty years Judge Bright has either been on the ticket in person or by some one of his family. Are the voters not tired of looking at the Bright part of the ticket? Fred is a good obedient boy and we think will obey to the letter the commands of his father, but Sam can not be in the legislature at all times and it may become necessary to have a man with a head of his own to act at once without seeing father. Fred has not yet reached that age when he can feel safe to think and act at will.

If the legal opinion of Commissioner Strenz, that the Sheriff's proclamation should be printed only one time had been observed, the election in Hocking county could have been declared invalid. The papers printed the proclamation three weeks, as the Supreme Court orders must be. Strenz says one week. Strenz should go on the bench, we will not say on what bench. He is certainly too wise for the place he is filling, and not sensible enough to do much other than draw his salary, with no cut on the bill.

MR. COLLINS, Superintendent of the Infirmary, has done a good service in securing a place in the Xenia Home for some orphan children who claimed attention from the Women Relief Corps of our town.

Mr. Collins at the suggestion of the women Relief Corps took the matter in hand and succeeded in placing them in a home which great Ohio gives to the deserving. Mr. Collins does not occupy all his time in fattening hogs and gathering punkins. He is a man who has a heart and soul and sentiment and sense in the management of our Infirmary. There is no politics in the Poor House under the management of Mr. Collins. He is the right man in the place, and no matter what an election may determine, we shall stand by him as a man who is doing his duty, just as we stand by a printer in our office who is doing his work faithfully regardless of politics.
